

# Thank You!

Thank you for downloading the FREE printable!

As a mom of 2 small children, I'm passionate about my little ones being prepared for educational excellence... and so are you! That's why you're here.

I sincerely appreciate your support of Maverick Momma's products and services and look forward to all that your little ones will benefit from our printables. (Don't worry, we have printables for you too!)

Once you print these sheets out, I highly recommend laminating them (they'll last longer especially if you have multiple children. Laminators aren't that expensive (I got mine from Target for less than \$30).

Don't forget to tell your friends and family about us! You can subscribe to the Maverick Momma blog at [www.kierajacobs.com](http://www.kierajacobs.com) or you can follow me on Instagram. I look forward to connecting with you real soon!

Happy Learning!
